Round Up

After the success of the 1973 season for the Prince Edward County Museum, officials are planning to open the museum a month earlier this year, with Sunday June 9th the opening day. Hours will be extended from 11 a.m. to 8 p.m. in July and August and 11 a.m. to 6 p.m. in June, September and October.

Fire protection for the western half of Tyendinaga Township will cost \$4,000 this year, up \$1,000 from last year. Thurlow volunteer firemen will provide protection from concessions one to nine. The Mohawk Reserve and the eastern portion of the township will continue to be served by the Deseronto fire department.

MOBILE OFFICE CATCHES FIRE

Ellis Injured

Jack Ellis, MP Hastings had a close call last week as his mobile office burst into flames.

Mr. Ellis was lighting a propane furnace to heat the interior of the office, when leaking gas caused the interior of the vehicle to ignite. Mr. Ellis leaped from the mobile office and rolled on the grass to extinguish flames on his clothing.

A propane man was on the

scene to extinguish the flames

The MP suffered burns to his right hand and face and burns all around his eyes. The fact that he had his glasses on may have saved him from losing his eyes. He was on a scheduled visit to Marmora and Delora when the accident took place.

The leaking gas was caused when a gas line was disconnected during repairs to the mobile unit last week, and hadn't been replaced.

Deseronto Baseball

Roy Rendell downed 12 batters to lead White and Morris to a 14-3 win over Centennial 71 in the tyke league game played on Saturday. L. Punchard, D. Holland, D. Lloyd, T. Amey and D. Reid scored two runs each for the winners. In the 6-9 age group, Quinte Beach won their first of the season 16-8 over Garret's Heating. D. Vick, D. Marlow each scored 3 runs for the winners, and R. Starling scored 4 runs.

Garrett's proved themselves on April 28th as they won over the previously unbeaten Legion Team 7-5. P. Hartwick, and T. Trench

both scored 2 runs for the winners and T. Zieman had 3 for the Legion.

On April 28th, the Deseronto Lions won over Centennial 71 by a score of 12-7.

In the Girls' League, Lyn's Takeout won over White and Morris 26-24. This was a make-up game for the one rained out on April 22.

LEAGUE STANDINGS

Girls 6-10 have yet to play, as both games were rained out. Their first game will be Wed., May 1st.

Boys 6-9:	W	L	Pts.
Legion -	3	1	6

Jack Ellis, MP Hastings won't support the federal government's bill to ban the World Football League from going ahead with its Toronto Northern franchise.

The MP doesn't like the idea of legislation telling the Canadian people what they can or cannot watch. Mr. Ellis points out that there are more pressing matters for the government to be dealing with, instead of hurriedly bringing in legislation regarding football.

Prince Edward County Council has again vetoed the Warnings Corners Estates housing project. Further discussions were held last week with the developers and representatives of the County Planning Board in attendance. The subdivision is planned in now forested area and farmland about a mile west of Pictou.

A fire of unknown origin destroyed a 150 year old barn two miles north of Napanee last Friday night, resulting in the loss of 200 bushels of barley, 100 bushels of seed oats, and what might have been the oldest barn in the area. The barn, owned by Don Herrington, was located on a concession road, a half mile north of the drive-in road off Highway 41.

The Gibbard Athletic Field at Napanee District Secondary School will hold its official opening Friday May 3 at 12:15 p.m. Two plaques will be unveiled at the ceremony, with music provided by the school band. The public is welcome to attend.

A decision on whether or not to implement one-tier

government in Prince Edward County will be made soon by the Ministry of Treasury, Economics and Intergovernmental Affairs following meetings with Prince Edward County Council, other municipal representatives and the general public. The county council recently made a proposal for a restructured county government that called for a council of fourteen persons.

ontario hydro news release

Ontario Hydro has appealed to developers and industrial customers to provide the electric utility with earlier notification of planned new developments requiring transformers and other electrical equipment.

Hydro's Pictou area manager Jack Ford explained that a world shortage of critical materials, particularly steel, is causing severe delays in deliveries of electrical equipment. As a result, Hydro and municipal utilities have been hard-pressed to provide service when it is requested and expansion projects — such as new housing

developments — are being delayed.

He also noted that farmers, particularly those who need extra electrical equipment at harvest time, should let Hydro know their requirements as soon as possible. Even then, service connection delays with resultant inconvenience may be experienced.

Where once manufacturers were able to supply transformers within a few days of receiving an order, deliveries today may take as long as 40 weeks, said the Hydro official.

"Unless customers can give us substantially more lead time," he said, "we can't provide them with the electrical equipment they need on time."

Manufacture of transformers is being held up both by a steel shortage and a scarcity of the special oil they use. In addition the oil shortage has reduced the supply of plastics used for electrical insulation with the result that cable and wire can take up to six months to deliver.

Cathy Thompson of 4th St., Deseronto returned home from the Lennox and Addington Hospital, Napanee, after being a patient for a week. She underwent surgery on her foot.

Mrs. James Caron is a patient in the Lennox and Addington Hospital where she will undergo surgery this week.

Earl Harrow is a patient in Kingston General Hospital.

Don't forget the Walk-a-Thon sponsored by the Deseronto Recreation Committee on May 18th. The money raised will be used for improvements to the Ball diamonds.

Recipe of the Week

TOPSY-TURVEY PIE

This is a good recipe to make a pound of hamburger go a little bit further. In addition, it provides a change from the usual casserole, is easy to make, and appeals to everyone.

1 lb. hamburger
3 hardboiled eggs
3 tomatoes
2 cups flour
 $\frac{1}{2}$ cup shortening
salt
water

Brown hamburger, draining fat. Combine flour, salt, and shortening, mixing until shortening is in $\frac{1}{2}$ inch chunks.

Add enough water to reach a pastry consistency.

Place sliced hard-boiled eggs to cover the bottom of a greased pie-plate. Put sliced tomatoes on top of eggs. The next layer consists of the browned hamburger. Cover with the pastry, making sure it is tightly crimped around the edges of the pie plate. Do NOT cut air holes.

Bake at 425° for about 30 minutes, or until pastry is browned. On removing from oven, cover with a plate and turn upside down onto the plate.

Serve with gravy or Worcester-shire sauce.

Obituary

ARTHUR JAMES BRIM

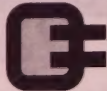

Arthur James Brim of 185 Mill St., Deseronto passed away at Kingston General Hospital on Sat., April 27, 1974 at the age of 87.

Mr. Brim was the beloved husband of Maude Elizabeth Kilby and the dear father of Joan (Mrs. Frank McKnight) of Kingston; Arthur of Ottawa; George of Grimsby; Fred of Cornwall; and the dear father-in-law of Frank, Kingston; Bette, Ottawa; Merle, Grimsby; and lovingly remembered by 8 grandchildren and one brother, Ted of England.

Mr. Brim was the son of the late George Brim and the late Emily Daisley and was born in England. He served in the Canadian Armed Services and was a member of St. Mark's Anglican Church in Deseronto. Mr. Brim served as Elder Rectors' Warden and was an active member of the synod.

Funeral was held April 30, 1974 with the Rev. Frank Bell officiating. Interment followed at Glenhaven Memorial Gardens.

Wood poles are also in critically short supply. In some areas,

rotten poles are being replaced by putting the stubs of the good end in the ground and lashing shorter poles to them.

To meet the shortage in transformer oils, Ontario Hydro is investigating ways of reconditioning oils salvaged from old transformers so that it can be reused in new transformers.

Hydro is also making a concentrated effort to reclaim or rehabilitate worn-out equipment instead of simply selling or scrapping it.

Various reasons are given for the material shortages - among them environmental demands that diverted some production to cleanup devices.

No accurate predictions can be made on when the steel shortage will ease.

CARE OF CUT TULIPS

Tulips are among the most popular cut flowers, brightening homes long before the first crocus appears outside.

Green house operators ensure a good supply of them in the mid-winter months by purchasing Dutch bulbs in the autumn and forcing them into early development from September to January. About four weeks be-

fore the tulips are cut, the bulbs are removed from the "forcing shed" and into the greenhouse, where they grow quickly and produce blooms.

To help keep their freshness, change the vase water every few days and add a flower

preservative just as you would with any other types of cut flowers. Cool night temperatures and a moist atmosphere will also add days of life to your cut tulips.

Recreation Walkathon

The Deseronto Recreation Committee is organizing a Walkathon for Saturday, May 18, 1974. Money from the walk will be used to improve Deseronto's Baseball facilities. Sponsor sheets are available at the main office

of the Deseronto Public School.

The walk is sixteen miles in all. Walkers will be driven to Picton and will walk along County Road 15 (High Shore Road) back to Deseronto. Cars will be available to drive tired participants to

Deseronto. In the event of inclement weather, the walk will be postponed until the following weekend. A bus and cars will meet at the Centennial Park at 9 a.m. on May 18. Below is the route to be followed:

NAPANEE POLICE CHIEF UPSET

Not Told for 12 Hours

Napanee Police Chief, J.J. Paquette complained last week that he was not notified of the escape of two prisoners from Millhaven Institute for more than 12 hours.

The two men, Richard Allen Belanger and Raymond Baucher, obtained a \$20 food voucher from the local welfare office and were given food and clothing by the Salvation Army, and drank beer in a Napanee hotel.

Chief Paquette said that when he finally was notified of the escape, he was given only a vague description of the duo and was not provided with photographs until some time later. Harold Aitkenhead of the Salvation Army identified

the men from the photographs and stated that he provided the men with vouchers for food and clothing two times, thinking that they were transients. Welfare also identified the men.

Meanwhile, the two prisoners remain at large.

Rodeo

The Deseronto Police Department will be holding a Bicycle Rodeo for Public School students on Friday, May 24. The students will be examined for proper equipment, and will be tested on their knowledge of the rules of the rodeo. A practical test on handling of the bicycles will also be made. Presentations will be made at a future date.

Monthly Police Report

During the month of April, the Deseronto Police Department investigated four reportable accidents, and one non-reportable. There was one person injured, but no fatalities. One person suffered an accidental death (other than in a motor vehicle accident).

There were 17 charges under the Criminal Code, 24 under the Liquor Control Act, 8 under the Highway Traffic Act, and 1 charge under other Provincial Statutes. There was only 1 tag issued for Parking violations.

The force investigated 67 complaints and made 482 other calls. There was one summons served for other forces. There was one house-breaking and one shop-breaking occurrence. Five thefts under \$50.00 were reported.

Value of property stolen totalled approximately \$178.50 and value of property recovered came to approximately \$11.50.

The force accumulated 217 overtime hours, and spent 24½ hours in court.

- adopted the minutes of the Council meeting held April 15.

- received a letter from the Ministry of the Environment regarding the water filtration plant. The letter states that an agreement has been reached between the Ministry and Metcalfe Foods whereby they will share a common intake, wet well, and pumphouse to be constructed by the Ministry on land currently owned by Metcalfe's. The company will deed the land to the Province in return for the services. The pumping station is to be constructed in the area of the existing station owned by the

The regular meeting of the Deseronto Town Council was held on Monday evening, May 6 with all members present with the exception to Councillor Whalen.

During the course of the meeting, council:

- learned that Mr. Olaf DenOuden will not be able to accept the job of Clerk-Treasurer for the Town of Deseronto, as he had previously stated.

After a special meeting of council held last Monday, it was decided to approach Mr. S. Knapp with an offer to decrease his workload within the office, and to ask him to reconsider his resignation. Mr. Knapp agreed that with a reduced work load, he would stay on in his position of Clerk-Trea-

A new managing editor has been announced for the Picton Gazette, Prince Edward County's bi-weekly newspaper. Alan R. Capon, who has worked for the Kingston Whig-Standard as its Picton Bureau chief, will fill the position, vacant since 1972.

Rothmans of Pall Mall will be sponsoring an exhibition of Mexican handicrafts and art at the Agnes Etherington Art Centre starting May 23. The exhibition, entitled 3 Artists Mexicanos, is the first such display to tour Canada.

Tenders are now being called for renovations to the tub/shower room in the Intermediate Girls' Building at the Ontario School for the Deaf in Belleville. Specifications call for remodeling of the shower and bathtub cubicles, and the installation of vanities and new interior finishes on walls and ceiling.

A former Picton man, Randolph Claxton has been promoted to the position of inspector with the Royal Canadian Mounted Police. Now stationed in Ottawa, Mr. Claxton will be transferred to Toronto. He is the son of Mr. and Mrs. Bert Claxton, of Division Street, Picton and attended school in Prince Edward County.

The finishing touches to the historic Lennox and Addington county courthouse have been added by McConnell and Sons, Contractors. The provincial government has spent \$52,000 in renovations to the building, which cost \$33,146 to build in 1865.

Four tenders for the reconstruction of the Wellington arena are now being considered. Tenders have been received from Miron-Wiggers, Trenton; Coad Construction, Trenton; El Rose Construction, Scarborough; and Dejong Wieger Construction of Stirling. The new arena will be called the Wellington District Community Centre.

Prince Edward County Taxpayers will benefit from increased provincial grants in their local mill rates. The figures for these grants are based on estimated municipal budget, and may fluctuate, depending on the percentage of increase in any one municipality's spending rate. Those that go beyond an 8% increase will have their grants reduced and those that stay at that level, or remain under it will benefit from a full 9% increase. Mill rates have not yet been announced by any of the county's municipalities.

Trenton Memorial Hospital's X-ray Department's Bikeathon has netted \$9,200 in pledges in pledges from the 402 riders participating in the event. Pledges are to be turned in to the hospital by May 11.

Bernard Prinzen and Edward Sokolowsky, representing Prince Edward Collegiate Institute won the 1974 Chrysler Trouble Shooting Regional Contest held in Belleville. Their victory entitles them to compete in the National Finals of the Chrysler Trouble Shooting contest to be held in Toronto June 17-19. The contest is sponsored by Chrysler Canada to give special recognition to student auto mechanics and to encourage them to pursue careers in the automotive industry.

company, and will provide for the requirements of the Town separately from those of Metcalfe's, who will supply its own pumping equipment and maintenance of same.

The treatment plant for the town will have a capacity of 650,000 GPD. 27,000 feet of new watermain will be constructed for an estimated \$600,000.00. 14,000 feet of existing mains will be incorporated into the system on the basis of pipe sizes.

The Ministry also advised that the matter of compulsory connections to the system is under the authority of the Council, but suggests that it is in the best interest of the community to have water service extended to the maximum number of users.

- received a letter from Harry Sweetnam, the owner of the Quinte Beach Nursing Home, requesting the service of Town Water. The home already has town sewer services. Mr. Sweetnam would pay the cost of installation himself and pay regular service rates.

- received an application from Gordon and Pauline Shulman for a transient traders license. They are considering opening a Flea Market at 295 Main St., Deseronto to sell new and used furniture and other items of interest. The license was granted.

- held a discussion on the matter of closing the concession road, which is now zoned for future development. Mr. Neil Snyder and Mr. Silver, who are planning to purchase 115 acres north of Dundas Street for the purpose of constructing single and multiple family dwellings requested that this zoning be changed to present development. Mr. Snyder will again meet with Council on May 21 to present his plan. Council concurred with his request and will advise the Hastings County Planning Board.

To Hastings County

TO THE CONSTITUENTS OF HASTINGS RIDING:

While this letter will reach you well past Easter, I want to mention a matter that usually goes largely unnoticed and certainly unadvertised in the busy life of Parliament. Every Wednesday morning at 8.00 a.m. during the regular sitting of the House of Commons a small group meets for what is known as a Prayer Breakfast. It is a quiet time when political animosities and regional differences are set aside in favour of fellowship. Religious denominations are unknown, Senators, Members and staff are equal. The brief discussion usually, but not necessarily, of a Bible topic, is led by a different person each week.

Since 1964 a National Prayer Breakfast has been held usually on the second Wednesday in April. Its purpose is to allow the Members to invite political representatives from their Riding to a similar meeting, but on a larger scale. I had the privilege of attending once as the guest of Lee Grills when I was Mayor of Belleville. I have invited both the Mayor of Belleville and the Warden of Hastings County since I have been in Ottawa. This meeting

is attended by the Governor-General, the Prime Minister, the Leader of the Opposition and other government leaders or representatives from across the world.

I only bring this to your attention to point out that all is not partisan politics all the time in Ottawa. For my part, I attend as often as possible, and the National Prayer Breakfast coming this year, as it does, so close to a major Christian celebration, Easter, and the Jewish Passover, I trust you may accept this as a suitable thought for the season.

One last note on a very partisan subject, but hopefully in a non-partisan manner. It is not very much of a secret that there will soon be a Federal election. Many who read this will have been active in an election prior to this, but there will be many who have not. I ask all of you to think about it. Much of what I do in serving you must necessarily be done with an eye to being

Present were George Barker, Marvin Brooks, Jack Mitchell, Tom Doyle, Jean Jackson, and Muriel Reed. Absent were Gerald Lunsford, Allan Hubble, Gene Marlow, and Peter Dickinson.

Marvin Brooks reported on the second Pool Tournament. After expenses for trophies and table rental, there was a deficit of \$21.10.

Citizens on May 11 for a visit to Shannonville's Senior Citizens.

It was decided that the committee will pay \$15.00 in umpire's fees from last year. It was also suggested that Grant Maracle be added to this year's list and the corrected amount be sent to the E.Q.B.A.

The Board of Education has given permission for the construction of dug-outs and to install bleachers and a storage shed at the Public School diamond. George Barker also relayed the Board's request to keep cars off the school playground. All members are requested to make an effort to help with this project, which will commence this Saturday.

George Barker will buy the necessary tennis equipment for the proposed tennis court. It was decided to approach Blanch Dettlor about working with Muriel Reed and Jean Jackson on the tennis program.

The next regular meeting will be held on May 25th at 10 a.m.

I urge each of you reading this to become involved politically, with whatever party or person you feel you should support. Tenders are now being called for extensive electrical and mechanical services at Prince Edward Heights in Picton. The work is part of the overall renovation program and calls for installation on overhead lines in the Village area and underground in the Craig Complex. Also included is a single storey addition to the existing power house for the generator transformers and switch board. The work is expected to be completed during the winter of 1974/75.

Dieting

If losing weight is one of your problems, you aren't alone! More than half of all Canadian adults are overweight. You'll be defeated before starting if your spring "shape-up" program isn't carefully planned. No general ever goes into battle unprepared, and neither should you. Bizarre schemes including special gimmicks or the latest fad diet are out. Instead, take a sensible approach and really concentrate on improving your present eating habits.

Many weight watchers don't realize that besides counting calories, they should include all the basic food groups each day in order to meet their nutrient requirements. Why not take care of your daily calcium needs by drinking skim milk, which has fewer calories than 2% or whole milk? Vegetables can be served with lemon juice or seasoned vinegar instead of butter and sauces. Even potatoes can be included. They too, provide Vitamin C and only have as many calories as an apple.

Avoid fried food and trim away excess fat on meat. Bread and cereals should be included as they provide energy, B

- Ontario hopes to have proposed anti-noise legislation ready for this fall, according to Environment Minister William Newman. He stated that an experimental program is proceeding in Hamilton and another is planned for Toronto, but regulations on noise levels "are not an easy thing to determine."

- the federal government introduced legislation last week to establish a national petroleum corporation with power to move into all sectors of the oil industry. The main government concern is to improve the long-term outlook for oil supplies, not to compete with existing companies in the production, refining and distribution of oil and petroleum products,

vitamins and iron. However, jam on toast, sweet rolls, pies, cakes and other rich desserts must be omitted as they provide little or no nutritive value and have a high calorie count.

So control calories and eat a nutritionally well-balanced diet. It's the surest way to stay healthy and lose weight.

GOOD NEWS in the news

according to Energy Minister Donald Macdonald

- Canada Pension Plan amendments provided for equal treatment of male and female contributors without a means test to those 65 to 69 won approval last week from the Commons welfare committee. The bill will now return to the Commons for final passage before going to the Senate.

- Ralph Steinhauer, a prominent farmer and former chief of the Saddle Lake

Indian band, was elected Paul Allaire's successor as head of the Progressive Conservative Party of Alberta. Mr. Steinhauer, 54, replaced the former Progressive Conservative Minister of Agriculture, who has been in the cabinet since 1971. He will succeed Lt. Gov. Grant McEwan at the end of June.

- the Canadian Radio-Television Commission announced last week plans to eliminate foreign-produced radio commercials by Oct. 1, 1975, and to raise the number of domestically produced television commercials to 80% by Sept. 30, 1978. Public hearings on the proposal will open June 4 in Ottawa.

PM VISITS ONTARIO CITIES

Prime Minister Trudeau spent two and a half days meeting people in five Ontario centres.

The Prime Minister attended a public reception in Hamilton; he visited at the Bloorview Children's Hospital and attended a luncheon at a Rotary Club in Toronto; he participated in a question and answer session with high school students in Woodstock; and in Sarnia, he met with a Scout group and attended a Liberal Party reception.

In Sudbury last week-end Mr. Trudeau spoke to 1,500 delegates and observers attending the Annual Meeting of the Ontario Liberal Party.

ANTI-PROFITTEERING BILL

A bill to control profiteering was introduced in the House of Commons by Consumer and Corporate Affairs Minister Herb Gray. The bill would give the Cabinet powers to freeze prices order rollbacks, and force companies to pay back "unjustified" profits.

Mr. Gray said the bill is a fulfillment of the Prime Minister's promise that the Government will not allow "corporate profiteers and gougers to pile up unearned windfall profits at the expense of the Canadian people."

MORE MONEY TO FARMERS

Cash income to farmers increased by 52% in the first two months of this year as compared with the same period last year - to \$1,446 million from \$954 million.

Since he became federal Minister of Agriculture 18 months ago, Eugene Whelan has expressed the need for increased income for farmers, particularly to spur them to increase food production.

LIBERALS WIN IN P.E.I.

Premier Alex Campbell's Liberal government was returned to power in Prince Edward Island's Provincial election last week. The Liberals won 26 ridings while the progressive Conservative Party won six.

UNEMPLOYMENT DOWN

The unemployment rate in Canada, seasonally adjusted, dropped to 5.4% in March from 5.5% recorded in February, reported Statistics Canada.

WILD FLOWERS

Ontario's wild flowers are usually at their peak from mid-April until late May. When planted in conditions similar to their natural habitat, wild flowers, make attractive additions to your garden. Early spring is the best time to transplant them. In a shaded area, create soil conditions as close as possible to the natural location.

Look for our wild flowers this spring, but remember to leave them for others to enjoy.

Police Week Open House

A life-size target used for marking scores and assessing a policeman's ability with a revolver.

A display on different drugs and drug paraphernalia that the Deseronto Police sometimes have to deal with.

Constable Brennan points out Deseronto Police Force's crest to Tom Doyle. Other crests in the display represent various police forces in Ontario.

This week is Police Week Open House for police forces across Ontario. The provincial theme "We Need Our Cops" is ably demonstrated by the displays on view at Deseronto Police Station.

The public may view booklets, uniforms, weapons, badges, and displays of safety, along with a representation of the famous Christmas robber, who held up Tony's Variety Store on Christmas Eve.

Deseronto Police Station will be open all this week from 9 a.m. to 5 p.m. to the general public.

Complete Course

Members of the Deseronto Police and Fire Departments last Monday night completed a First Aid Course. Also taking part in the instruction were Metcalfe Foods, Ideal Venders, Canada Optical and other local businesses. Instructor was Gordon Callan of Picton.

Resigns

Constable Brennan of the Deseronto Police Force has tendered his resignation, effective May 20. He has been accepted on the Belleville City Police Force and will be joining them shortly.

SHANNONVILLE CENTRE OPENS

Shannonville staged a big celebration on Saturday to celebrate the opening of the Tyendinaga Community Centre.

Included in the centre is a library (the town's first), a headquarters of the town's Senior Citizens group, a dance hall for local youth, rooms for euchre, bingo and dances, and a games room in which Shannonville residents can enjoy pool and other table top

sports.

The idea for a community centre was first conceived when Hastings County Board of Education closed the school last fall. A nucleus of citizens formed the Tyendinaga Community Association, with a view to leasing the 1934 building. Now the association boasts 200 members, with widespread support from the entire community.

Don Ellis, association chairman, notes that the present

lease on the building runs until December, 1975, and says that the association hopes to be able to raise the purchase price of \$7,500.

Among the events on Saturday was a parade from the Shannonville fairgrounds to the centre, where memorial trees were planted. Among those participating in the ceremony were Jack Ellis, MP Hastings, and Clarke Rollins, MPP Hastings.

Notice

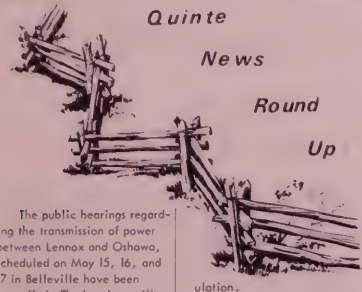

Due to Victoria Day falling on Monday, May 20, next week's edition of the Quinte Scanner will not be published until Thursday, May 23.

The Lennox and Addington County Historical Society has passed a resolution urging the Ontario government to declare Highway 33 from Kingston to Adolphustown as the "Loyalist Parkway".

A three-phase housing development on Pitt Street in Picton has been given the go ahead by Picton Town Council. The houses planned are in the moderate price range and are designed for single family use. Approximately 30 houses will be built in two stages by J and L Developments, with more houses planned, if the company receives further approval from Council.

The Ministry of Transportation and Communications will make a traffic study of Highways 7 and 14 in Marmora, after earlier turning the request down. With many accidents occurring at the intersection, Marmora council felt that a survey was indicated.

Residential taxes for public school supporters in Napanee will be increased by 1.7 mills, or about \$6.80 per household. The mill rate for commercial and industrial assessment is up 3.06 mills. Commercial and industrial rate for separate school supporters stands at 109.79 mills and the residential rate is 93.98.

Prince Edward County municipalities will soon be charged with the cost of Ontario Provincial Police services, whether one-tier government is instituted or not. Should the restructured government be adopted, the County would be provided with police services by the OPP, or partly by the OPP and partly by a local force. Implementation of a county plan would enable a \$5 per capita police grant to be applied for, based on the county's pop-

The Allan Macpherson House in Napanee is reopening on May 18. Demonstrations of weaving, rug hooking, macrame, crocheting and quilting will take place on opening day and May 20.

Letter To The Editor

May 13, 1974.

The Editor,
Quinte Scanner,
Deseronto, Ont.

Although there have been no new developments in our bid for assistance either the Federal or Provincial Government, the Fund Raising Committee for the Deseronto and District Community Centre is continuing with efforts to raise funds for this project. Our most recent endeavor was a benefit dance at the Royal Canadian Legion Hall in Deseronto, which again was a huge success. The tremendous support received continues to give our Committee the added incentive to carry on with the drive for funds.

Special thanks to the Royal Canadian Legion executive and members for permitting use of their facilities, to Mr. and Mrs. Russell Hill, Mr. and Mrs. Martin Brooks, Mr. Marian Witkowski, Mrs. Don Armittage, Mrs. Bill Higgins, Mrs. Wallace Vick, Mrs. Don Detlor, Mrs. Jim Gaylord, and to the fund raising dance committee.

The next benefit dance will be on June 15, 1974, at the Royal Canadian Legion Hall, featuring the "Harmony Kings."

Sincerely,
C.W. Zieman,
Campaign Chairman.

The May meeting of the Catholic Women's League was held May 6th at the rectory, with thirteen members present. The meeting opened with prayer by Father Van der Heijden, after which the minutes of the previous meeting were read and adopted.

Delegates were chosen to attend the diocesan convention at the Skyline Hotel in Brockville at the end of May. A number of ladies also offered to help at a remembrance sale which will be held in the west side of Stedman's store, on the 24th and 25th of May.

Mrs. Kay Hood

The next meeting will take the form of a pot luck supper. This will end the meetings until fall. The meeting closed with prayer and refreshments were served.

Mr. and Mrs. George Brim of Grimsby were weekend guests of Mrs. A.J. Brim. Also visiting on Sunday were Mr. and Mrs. Frank McKnight of Kingston.

St. Bart's Gentlemen and Choirboys staged a Recital and Evensong at St. Mary Magdalene Church in Picton on May 14.

The Choirboys are 10 boy singers, aged 10 to 14, who comprise the treble section of the Parish Choir of boys and men at St. Bartholomew's Anglican Church in Toronto.

The latest tour of the Choirboys was to Montreal, Ottawa, Brackville and Picton. The tour is being financed by the choir itself, through its own concert earnings. Some of the money will be used to defray costs; most, however, will be added to a special scholarship fund for the boys.

The Deseronto Red Cross meeting was held on Tuesday evening, May 7 at the home of Mrs. Leo Palmer, with 9 members present. The president, Mrs. George Lyons, chaired the meeting. Due to

Interment followed at Deseronto Cemetery.

ELIZABETH JANE DIMMELL

Mrs. Elizabeth Jane Dimmell of 126 St. George St., Deseronto, passed away on May 7th, 1974 at the age of 87.

She was the wife of the late Charles F. Dimmell, and the beloved mother of Murray of Willowdale and Norman of Ottawa, and the dear grandmother of 7, great-grandmother of 4.

She is survived by one sister, Ellen (Mrs. Charles Thomas) of Smiths Falls.

Mrs. Dimmell was born in Roberts Bridge, Sussex, England to the late Charles Burgess and the late Jane Whightwick. She received her education in England, and resided in Lynhearth before moving to Deseronto.

She was a member of the Church of the Redeemer in Deseronto, and held various offices in the church. Mrs. Dimmell also served as a Deseronto Public School trustee in the 1930's.

Funeral service took place on May 11, 1974 with the Rev. Robert Jones officiating. Pall bearers were Peter Dimmell, Roger Dimmell, Clyde Dimmell, Bill Moore, Steve Barry, and Bert Colee. Interment followed at Deseronto Cemetery.

Sorry to report that ...

Business development means more jobs and increased opportunities.

This is what Ontario is doing to help businesses grow.

Suppose you operate a manufacturing company, or a firm that is a supplier to such a manufacturer. Suppose that you operate a tourist resort, or a tourist attraction that benefits local resorts.

Others depend on you for a living. So your Ontario government wants to help you help them... and yourself through the Eastern Ontario Development Corporation (EODC).

The EODC was established by the government here in Ontario to provide financial assistance to businesses unable to obtain necessary funds from conventional lending institutions. These programs are designed to stimulate industrial growth, encourage economic development and increase employment opportunities in Eastern Ontario.

Similar programs exist to aid businesses in other parts of the Province.

Briefly, EODC Financial Assistance programs are divided into two categories — Incentive Loans and Term Loans.

In Eastern Ontario, Incentive Loans of up to 75% of approved costs, to a

maximum of \$1,000,000, are provided for new manufacturing operations or service industries in support of manufacturing.

These loans may be interest-free or at a rate lower than the EODC prevailing rate of interest. Commencement of repayment may be deferred until the company is established.

Term Loans are available to finance new products and processes, exports pollution-control equipment, industrial buildings, tourist operations and the expansion of small businesses.

Your Ontario government has prepared a concise, easy-to-understand booklet explaining who may qualify for EODC Financial Services.

If you would like a copy of the booklet, or wish to make application for EODC assistance, call, write or visit

Deseronto Taxes Down for '74

At the meeting of Deseronto town council on Monday night the new mill rates for 1974 were announced.

The new rates are commercial 148.66 mill and

residential 117.80 mill. Both these rates are down from last year. The commercial rate has been reduced by 0.18 and the residential rate by 6.35. This means that taxes

in Deseronto will be less this year than they were last year.

As an example, a residential property assessed at \$2,000 will be taxed at \$235.60 this year. Last year's taxes for

the same property would have been \$248.30.

This is a piece of good news that Deseronto ratepayers have been waiting to hear for some time.

PECI Reunion

by David R. Taylor

An "Our Gang" reunion was held in Prince Edward County over the long week end. Organised by Roy Rosborough and Wayne Lindsay, it consisted of a Stogie at the Woodville Hall on Friday night, May 17, a buffet dinner and dance at the Inn on the Bay, Picton, on Saturday night and steak cookouts at Roger Chapman's Prince Edward Sands on West Lake on Sunday.

Old friends from Prince Edward High School days played "Let's see, you're....." and "Do you remember when....." A toast of appreciation to Roy and Wayne for organising the weekend was

made, with the comment that it should be repeated in another 10 years, to which some "wit" replied "Why not next weekend?"

Some of the gang in attendance, (those remembered by your reporter) were:

"Pete" Cole, "Tyke" Lindsay, Randy Claxton, Bob Dalmage, Dave Taylor, Jim Love, Doug Mallory, Len Vigoda, Jack Moore, Stan Franklin, Bill Franklin, Bob Carson, Ford Rosborough, Roy Rosborough, Joe Kitchin, Roger Chapman, Jack Hicks, Jim Johnson, John Inrig and fourteen or fifteen others.

Constable Mike Brennan explains the various drugs the Deseronto Police are called upon to handle to a group of students from Deseronto Public School who visited the police Station during Open House week. The students inspected the cells, the displays, were fingerprinted and examined the Deseronto Fire truck which was brought to the station especially for their visit.

Mohawks landing

Last Sunday the Mohawks of the Bay of Quinte once again celebrated the landing of their ancestors in Canada.

190 years ago, Chief John Dasonoronto, Aaron and Isaac Hill led a band of 32 Mohawks from the Mohawk valley in New York State to settle on the Bay of Quinte.

Tyendinaga Reserve is one of two land grants given to the Mohawks in recognition of their support of the British Loyalists during the war of the American rebellion.

A second group of Indians followed Chief Joseph Brant (Tyendinaga) to settle in the Grand River Valley near Brantford.

The tradition is re-enacted each year on the closest Sunday to May 22, and follows the pattern of the original landing, with the addition of the RCMP.

Following the landing

there is a service of thanksgiving at the Cairn, where the communion vessels are set on a white cloth on an upturned canoe. The service is conducted in the Mohawk tongue.

Following the church services is a corn soup lunch at the Council House. This year the guest speaker was Professor Dan Brady who is in charge of the social counsellors programme for Native Peoples at the University of Toronto.

William Brant, Chief of the Mohawks has said that the traditional ceremony is of special value in keeping cultural awareness alive on the reserve. During the past decade the natives of Tyendinaga have once more become proud of their heritage and many are actively involved in keeping the culture alive and passing it on to the children

New road approved

Lennox and Addington County Council has approved plans for a new road, designed

to take most of the heavy truck and commuter traffic off scenic Highway 33. Present plans are for the proposed route to go north of the Amherstview golf club, and then come back south of the main line CNR crossing at County Road 6, west of Amherstview. It would pass through the property owned by CIL, Millhaven Fibres and Liquifuels, cross Highway 133 and run between the back of Millhaven Penitentiary and Canada Cement Lafarge in the Bath area. The new road would end at County Road 8, about a mile north of Highway 33.

The proposed route is not intended for the exclusive use of trucks, but should also provide a

faster alternate route for commuter traffic than the winding water-front road.

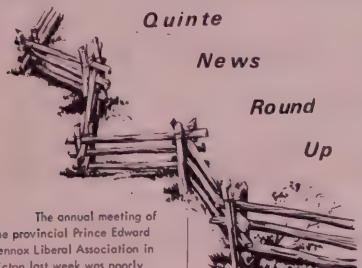

It is proposed that the county should purchase the land needed for the road, and that the province will foot the bill for construction of the highway.

Ernestown Reeve, Cecil Kidd, Chairman of the roads committee, told council that much of the land required is already owned by Ernestown, and another large parcel is owned by the industries for which the road is designed. These have indicated their willingness to sell the necessary land at low cost

Some of the land is private owned, but Mr. Kidd is hopeful that the total purchase price of the necessary land will not be very high.

News

Round
Up

The annual meeting of the provincial Prince Edward Lennox Liberal Association in Pictou last week was poorly attended, with only 15 persons arriving at the business meeting and election of officers, followed by a dance at the County Centre.

Elected officers were:
President - Terry Larstone
Vice Presidents Clarence Inglis & John Zado.
Secretary - Mac Dumlague
Treasurer - Max Mac Donald.

President, Terry Larstone suggested that the new executive appoint a public relations officer.

The Ontario Ministry of Education has approved a grant of \$3000 for a summer program for elementary school children at the Gibbard Memorial Athletic Field in Napanee.

During the summer students employed by SPICE, (Students Participating in Community Education) will schedule, co-ordinate, direct and provide instruction for a summer athletic programme for elementary school children in the county.

Napanee Recreation Department has abandoned the idea of running a conventional summer camp and playgrounds this year. Instead it has been decided to run an adventure playground at Palace Road north of Napanee, and four creative playgrounds in the town. The programme will be based on what the children would like to do. All the playgrounds will be supplied with materials for creative construction and equipment which can be "manipulated".

Prince Edward Historical Society is planning to revitalize itself by holding regular meetings with speakers during the winter months. It is hoped that the membership can be increased in this way.

A new executive has

been appointed, consisting of: Jack Welsman, president; Malcolm Love, Vice-president; Beverly Skidmore, secretary; Helen Beaumont, treasurer; executive members, Mr. and Mrs. Eber Pollard and Mr. and Mrs. J.L. Hitchon.

The landscaping of Bath public School is to be completed. The Lennox and Addington County Board of Education has voted to have Hay Bay Nurseries complete phase two of the landscaping of the school this year.

The badly decomposed body of a woman, found on the shore of Lake Ontario in Prince Edward County last week, has been identified as that of an Oshawa woman. Identification was made by the centre for forensic sciences in Toronto, and police report that Mrs. Kay Andringa was reported missing on Jan 27, after she fell through a hole in the ice while walking with her husband.

The new officers for the Pictou Branch 78 of the Royal Canadian Legion are: Harry Sisty president; Woodrow Blakely, first vice president;

Jack Jones, second vice president; William Winter, secretary treasurer; and directors Ronald Stone, Oram Greatrix, Herbert Fraser, Ernest Taylor, Laverne Cole and Douglas Pitt.

The draft plan of a proposed subdivision in Consecon has been signed by Sidney Handelman, minister of housing, without consulting the Prince Edward Board of Education.

The normal procedure is to consult boards of education about whether adequate schooling is available in the area being served by a proposed subdivision, but in this case the ministry seems to have jumped the gun.

Napanee Town Council have unanimously agreed to apply to the minister of housing for approval for the first stage of a \$300,000 neighbourhood improvement programme. If the approval is granted, the federal government will provide 50% of the total cost of the project, and the provincial government and the municipality will each contribute 25%. There was no discussion at the meeting as to which areas of Napanee would be involved.

The lack of locks on the girl's washroom doors at Kente Public School was the subject of a 40 signature petition presented to the Prince Edward

County Board of Education at last week's meeting.

Four of the signatures are teachers, the rest are students. The letter claimed that only four washroom doors have locks which work properly.

The historic Allan Macpherson house in Napanee has opened for this year's season.

The displays this year are featuring one of the oldest pioneer hand crafts - weaving. The display is an extension of the box-loom weaving course which was taught at the house this winter.

There will also be displays of other handicrafts, crocheting, macrame, tatting, quilting and rug hooking.

The hostesses at the open house last weekend were dressed in period costume, and old fashioned lemon cookies and coffee were served to the guests.

Bad Weather Delays Seeding Operations

Spring sowing on Quinte area farms has been delayed by the unusually cold and wet weather of the past few weeks. In normal years, most of the crops would be almost completely planted by this time, but this year, sowing has barely begun.

Arthur McLaughlin, area manager of the Crop Insurance Commission of Ontario, estimates that only a quarter of the crops have been sown south of Highway 2. Farmers on the rolling land to the north have fared a little better, and have about half of their crops

in the ground.

Tests at agricultural research institutes have shown that late sown crops yield less than those sown early. However Mr. McLaughlin is not really concerned yet. He says that once the weather changes it should be possible to get the crops into the soil in a hurry, and that if spring grain can be sown in May, it will usually produce a crop.

Winter wheat crops were heavily hit this year too. The snow coverage was not adequate to protect the young plants from the severities of the winter, and many fields, particularly in Prince Edward County are very patchy. In normal winters, killing of the young winter wheat plants usually occurs in the low areas where they become covered with ice, but this year the killed areas are on the high ground where the snow blew away.

Prince Edward County farmers are also concerned about their canning crops. The pea crop should be sown in early

May to ensure a good yield.

Peas grow best in the cooler conditions of early spring. Many farmers have been unable to get on the land to plant the seeds, and those who managed to get the peas into the ground are suffering losses because heavy rain caused rotting of the seeds.

The cold, wet spring is not only having and adverse effect on local farmers, but seems to have delayed planting throughout most of Canada. Even the Russian wheat growers are worried about the fact they have been delayed in their spring planting.

The fruit crops are also being affected. Farmers in the Niagara area report that a poor crop is likely this year, because the cold and rain kept bees from pollinating the blossoms of many crops in the usual way.

Unless Mother Nature compensates for the poor spring weather with an exceptionally favourable summer season, it looks as though this year's harvest could be another poor one. Look out for higher food prices next winter!

P.E. COUNTY BOOK PUBLISHED

A fascinating little booklet entitled "Bootjack", or in full "By the Thunderation, Bootjack, all around the hay-stack" has been released in Prince Edward County. The

The book is the product of Leigh and Vivian Swain, Debra Hook and Jason Mason, four summer visitors to the county, who were sponsored by an Opportunity for Youth grant. Because the book was produced with the assistance of the federal

government, it cannot be sold, and is free, in a limited edition.

The booklet offers a bit of everything that makes the county a distinctive place to live. History, folk legends, recipes, architecture, Indian lore, pioneer sayings and humour.

Over the years many books, both historical and topical have been published about the county, but few have had such a pleasing selection of almost everything.

Walkathon

by George Barker,
Chairman Recreation Committee

The Walkathon held last Saturday to raise money to improve on the recreational facilities in Town, was a great success.

Our thanks go out to Dianne Edwards and Dave Breault for all the efforts they put into organizing the event. When young people like these

Dianne Edwards and Dave Breault who organised the Recreation Walkathon.

First home were, from left to right: Del Wannamaker, Gary Barker and Steve Heffernan.

can do a job this well, it certainly proves that our efforts are not wasted, and recreation can be very useful.

There were approximately eighty walkers but as yet no estimate of the pledges is available. The first walkers to finish were Steve Heffernan, Del Wannamaker Jr. and Gary Barker. All finished in exactly three hours. The youngest walker to finish was Karen Green and the oldest was none other than everyone's favorite, Clarence Zieman. As always

Mr. Zieman participates in all activities and certainly sets a good example for other parents to follow.

Once again, this was a great success, but only because a few people put forth a great effort. Just think what a huge success it could have been if more people had put forth an equal amount of their time!

The oldest walker last Saturday was Clarence Zieman, pictured in full stride.

First Women Become OPP

Last week the first 10 women to enter the service of the OPP received their postings, and ended the total male domination of the force which has lasted for the past 65 years.

The women will be treated as equal, paid the same, will carry revolvers, batons and handcuffs. They will also be given extra physical training, with emphasis on self defence.

They will begin a police training course in Toronto this month, together with another 5 women whose names have not yet been announced. The fifteen female recruits will be part of a class of 45.

After completing their theoretical training they will receive on-the-job training in police detachments, and then go to Aylmer for a 12 week course at the Ontario Police College.

They are the first of 45 women to be recruited this year, and Chief Inspector Fred Blucher said that no limit has been set on the number of women who will be allowed into the force.

Ontario is not setting a new record in having female police officers. Policewomen have been a regular feature of the English police force for many years.

youth grants

Five students from the Napanee District Secondary School senior band have been granted funds from the Opportunity for Youth grants, to present concerts at various institutions in the area, and to conduct workshops for other music students.

Members of the group, which calls itself "The Brass Quintet" are from Napanee and Camden East.

NDP Select Candidates

The New Democratic Party elected their candidates to represent Prince Edward-Hastings and Hastings ridings at a meeting held last week.

The candidate for Prince Edward-Hastings is Harvey Gottfried, a teacher at Prince Edward Collegiate Institute in Picton. He was nominated by Dick Sutton.

Elected as candidate for Hastings riding was Bob

Sanders, a medical social worker. He was nominated by Neil MacLean, a student from Centre Hastings Secondary School. Mr. Sanders lives in Shannonville.

Keynote speaker for the evening was MP for Scarborough West, John Harney.

Mr. Harney told his listeners that inflation is the main single concern today. He explained that inflation is an international problem, and is caused by many things.

Mr. Harney went on to mention four areas where the NDP is concentrating its fight against inflation.

AIRPORT USED

Mahawk Airport is in use once again. For the fifth time this spring a private plane carrying visitors to the Metcalfe Foods Plant in Deseronto landed on the runway last Thursday.

Passengers in the plane included Rix Hansen from Bright Canning, Niagara Falls, Don Chisholm, of Chisholm Machinery, Niagara Falls, Carl Duval from the A.K. Robins Co., Baltimore and the pilot.

The plane is owned by A. K. Robins.

Until the Mahawk Airport re-opened, they always flew into Picton Airport when they visited Metcalfe's. Now they are delighted with the new landing place; not only is it much closer to the Metcalfe plant, the runways are in much better condition than those at Picton.

The use of the airport may be expected to increase as it becomes more widely known that it is now licensed.

Remember When?

The following article is re-printed from a cutting from an old edition of the Deseronto Post, brought into the Scanner office by Mrs. Sexsmith.

THEY DID IT AGAIN

The hockey game we saw in Napanee last Monday night, when Deseronto took the third and deciding game to win the Davis Cup for the second year in succession, was one of the most exciting it has ever been our privilege to watch.

As the finish of the game drew close we were on edge, with 300 other fans, for fear our boys would lose their hardfought

lead and the game might have gone overboard. But they didn't and they deserved the victory they won. We hope that Deseronto is proud of them. We should be.

Pat Maracle's stick-handling, "Sliv" Tinney's skating, Gord Jackson's hard work, Doug Sexsmith's all-round down-right hockey ability - these are just a few of the things that struck us. Young players like Sexsmith, and "Hink" Maracle and Don Houle have bright futures. They play hockey because they love it and it makes anyone love it who watches them.

Deseronto

Subdivision plan

More details of the proposed subdivision to be located in the north east corner of Deseronto, fronting on Highway 2, were revealed at last week's council meeting.

The developers, Neil Snyder and Earl Silver of Odessa, said that the plan includes 60 single family homes and eight apartment buildings with six units in each.

The development area is situated on a hill overlooking the Bay of Quinte.

The plan still has to be approved by the Hastings County planning board and the Ontario Municipal Board, as well as the Deseronto Council.

The land is owned by Reg Dawson and Harry Rands, both of whom live in Napanee.

Roblin to Speak

Jack Ellis kicks off his election campaign on Wednesday June 5, with a meeting at Centennial Secondary School in Belleville.

Mr. Ellis, a former Belleville mayor, was MP for Hastings in the last Parliament and was again chosen as the Progressive Conservative candidate for the riding in the coming election.

The guest speaker at the meeting will be Duff Roblin, a former Premier for the Province of Manitoba and Progressive Conservative candidate for Peterborough in the coming election.

Mr. Roblin's grandfather came from Prince Edward County and moved to the west many years ago.

Craft Shop Reopening

County Crafts, the retail outlet for Prince Edward crafts will re-open in Picton for its third season.

Sponsored by an Opportunities for Youth grant, the store will be operated by Carole Coward of Picton, Becky Young of East Lake, Dawn George of Bloomfield and Carole McNeil of Picton.

The store is stocked with locally produced hand-crafts. Prices are set by the makers who receive the full amount for any of their goods which are sold.

This year the shop is to be located in the Armoury Mall, and will be open Monday to Saturday until August 31.

New Policeman

The Town of Deseronto has a new member in the police force.

Constable George V. Kewley, of Cherry Valley, joined the force on May 23.

Mr. Kewley, who replaces Constable Mike Brennan is 22 years old, married, with one son. He recently completed a course in law and security administration at Loyalist College.

Vultures Like Bullheads

Turkey vultures, rare visitors to Prince Edward County have discovered the garbage pick-up containers in Demorestville.

Ronald Robinson, R.R. 2 Picton identified a pair near one of the boxes last week. The birds, which are carrion eaters were attracted to the garbage container by large numbers of bullheads dumped in the boxes.

Quinte

News

Round

Up

An Odessa man was found guilty of failing to provide adequate food and care for two horses and nine ponies last fall.

George Warburton, his wife, eight children, eleven horses and ponies, with a cow were all living on a lot 100' by 120'.

Harry Brown, eastern regional superintendent for the Ontario Humane Society and three veterinarians testified against Warburton.

The ERAS pilot project in Prince Edward County is failing, together with similar programs all over Ontario.

The initial concept of the program was to use all available teaching sources in the community - teachers, students, parents and schools - to bring about grass roots involvement in the education of children in the community.

However, the plan did not work out. Reasons for its failure are given as apathy, lack of understanding, fear on the part of teachers of interference by unqualified persons and breakdown in communications.

Whatever the causes, Lloyd Seeley, head of the ERAS planning committee in Prince Edward County last week announced the dissolution of the planning committee.

The consensus of opinion is that ERAS, although a failure, did have some limited success, and that in future it is hoped that some of the ideas will be continued, since in-

put from the outside is invaluable to the education system.

Prince Edward County Council has endorsed a resolution from Prince Edward County Federation of Agriculture to have the bounty on wolves re-instated in the County.

This motion was moved by Dan Nielsen and seconded by Tom Walsley who requested that it should be forwarded to the provincial government.

The motion states that one of the reasons for asking for re-instatement of the bounty is the fear that children may be injured and killed by the 'wolves' which are becoming much more numerous.

The official opening of the Recreational Shelter at Macaulay Mountain Conservation Area in Picton is to take place on June 8.

The shelter was built to house the offices of PERCA and to serve as an educational centre for school children touring the conservation area.

The long weekend saw mayhem prevailing at Presqu'ile park on Saturday night, with the Outlet being little better.

At Presqu'ile 20 charges were laid and 25 seizures of alcohol took place. At the

Outlet 65 charges were laid over the long week end.

For the first time this year there are full time security men patrolling the Outlet park, in addition to regular police checks.

If the figures for the first holiday week-end of the year are anything to go by, the security forces and the OPP will have their hands full. Not only were there the usual liquor charges, there were accidents; there were thefts.

In addition to the security and police officers on patrol last week-end, a police dog, trained to find drugs was also on patrol.

Musical '74, held in Napanee District Secondary School last week again drew a large crowd.

This is the fifth year that public schools in the area have presented a musical program. Its purpose is to give the public an opportunity to see the development of the various musical groups from the junior

levels to the senior high school level.

An Oshawa man was taken to Kingston General Hospital after a one car accident near Talbot Street Picton last Friday.

The car, which had a full load of teenagers on board struck a hydro pole.

The Hollowell-Bloomfield fire department was called out to cut the passengers from the wreckage.

Alan Capon, the new managing editor of the Picton Gazette, has caused some consternation in Prince Edward County by questioning the County Council's practice of reaching decisions about grant in closed meetings.

Saturday, May 25, the Girl Guides of Deseronto went on an outing to Salmon River to pass their Outdoor Cook's badge. Two generous fathers gave up their Saturdays in order to drive the guides back to Salmon River, Mr. Mowers and Mr. Phillips.

While they were back there the girls did nothing but eat and explore. Two girls went fishing and used a bit of fishing line and some safety pins. One girl caught a fishabout 2 1/2" long!

Two other girls managed to get themselves locked in an outhouse, they were there for almost twenty minutes before a brother of one of our guides heard their pleas and rescued them. Meanwhile... one of our fisherwomen ate nothing but pizza all day. Sick? No, fortunately not. Two other girls were sitting on the stone pier, dangling their feet in the water, one wearing the other's clogs. Just as the owner of the clogs said "Don't drop them", a clog slipped into the water and floated off down the river. During several excited attempts to rescue it, a girl slipped and fell in. Luckily the water was only ankle deep, though the rocks were very slimy. The clog was never recovered.

Building a fire was great fun, but collecting the wood was something else. The fuel

detachment came back with assorted rips and tears in their clothing from climbing over fences and tree roots.

The lazy ones enjoyed the day in their own way, doing nothing but eat and sleep.

Everyone is waiting to see if the girls who found a dollar bill in a patch of poison ivy will start to itch soon, no signs as yet.

Somehow all the minor misadventures made the day even more fun, and all the girls had a wonderful time and those who did not already have their outdoor cook's badge have now qualified for it, about thirteen in all.

SPORTS AND SKILLS '74

A summer school program is being offered again this year for elementary school students of Deseronto. Mary-Anne Murphy, Diane Edwards David Beault and Steve Heffernan have organized a program which is basically recreational with artistic and scientific activities for children who are not athletically inclined. The program will begin July 2nd and run for eight full weeks. Parents are informed that the children are under no obligation to attend. Since this is a government sponsored program, there is no charge for participants.

The doors of the school will open at 9:00 a.m. and close at 5:00 p.m. We feel the program is full of variety and will be very enjoyable for all participants.

CARDS OF THANKS

Mrs. Ellen Higgins wishes to thank Dr. Connery, nurses and staff for their attention and kindness to her whilst staying in Napanee Hospital. Also friends, neighbours and relatives for cards, gifts and flowers.

I would like to express my sincere thanks to Dr Dan McVicker who looked after my husband for 10 months and gave him the very best of attention; he could not have done any more for Ed. My sincere thanks go out to Dr. McVicker for what he did. I shall never forget. In gratefulness,

Walkers add to fund

The Walkathon held on Saturday, May 18, was a tremendous success. Approximately 100 children participated, and almost everyone walked the full 16 miles and even the smallest children surprised everyone.

Many thanks are in order to everyone who helped. Drivers Jim Stuart, Clell Maracle and Clarence Zieman took carloads of children over to Pictou. Thanks also goes to the women, Belle Claus, Verna Finland, Norak Edwards, Linda Brooks and Mr. and Mrs. J. Beckett who patrolled and handled check points.

The most serious casualty during the whole affair was a stubbed toe, however, Bernie Johnston and David Pullens were

ready at all times with First Aid equipment.

The walk started at 9:00am and the children were still walking at 4:00p.m. They were very hungry by lunchtime and glad to have a sandwich. Many thanks go to the women of the Catholic, Anglican, Pentecostal, Presbyterian and United churches who made sandwiches for the hungry walkers. Drinks and donuts and paper cups were supplied by A & P Foods, Lyon's IGA, Silver's Groceteria, Lynn's Take-Out, Toni's Variety and Newman's Grocery Store.

All members of the Recreation Committee did an excellent job and thanks to the United churches and their sponsors our baseball facilities should see an improvement.

EOBA Team Racks Up Runs

The Deseronto Royals, our entry in E.O.B.A. Midget division opened their baseball season with a trip to Kingston to play at the Cricket Field, but the Kingston team did not show up and therefore defaulted to Deseronto.

However, the following day, Ajax came to town and this time the Royals took charge and completely out-classed the visitors to the tune of 9 - 2 and Ajax called the game after seven innings.

Kevin Baker pitched the whole game for the Royals, striking out 10 Ajax batters and giving up only four hits. Deseronto runs were scored by Del Wannamaker 2; Danny Thompson, 2; Pete Anderson, 2; Daryl Van Vlack, 2; Kevin Baker, 1. The Royals have been working out, not only on the baseball field, but also

for the past month in the school gymnasium. The conditioning exercises under the direction of coach Steve Heffernan and Dave Breault certainly paid off as the team completely out hussed the visitors from Ajax.

The Teens of Town were at the game and sold cold drinks to one and all. One of the two new dug-outs has been constructed and the other will be completed by game time next Saturday. Two new sets of bleachers have been ordered for the public's use and should be arriving soon.

Once again we urge parents to come out and watch their sons play ball and also support our recreation program.

George Barker, Manager,
Deseronto Royals.

TADPOLE DIVISION

Robert Starling proved to be a consistent pitcher for the Beach Boys as he led his

team into first place in the Tadpole Division.

They won 9 - 1 and 3 - 2 on May 18, and again on May 21 scoring 7 - 3 over Garret's Healing. They made it four in a row on May 23 by squeezing by Legion 5-4. Scorers in that game for the winners were K. Brooks, R. Starling, G. Thompson, A. Hill, B. Thompson and D. Marlow with one run each and scoring for the losers were C. Jackson, R. Thomas, R. Marlow and D. Vanalstyne.

Your family's health is your most important possession.

This is what Ontario is doing to help you protect it.

Most of us get sick or have an accident at one time or another. And left to our own resources, serious illness could often cripple us financially.

So the government here in Ontario has developed a plan to provide health care for everybody, any time it's needed.

That plan is called Ontario Health Insurance Plan — OHIP. (The "H" stands for "Health," not "Hospital.") The Plan is administered by your Ontario government for us, the people of the province, who pay into it regularly so we can benefit when we need it.

How does the Ontario Health Insurance Plan work? Like this:

First, you apply for coverage — on a "Group" basis where you work, or you can pick up an application form at any bank, hospital, or OHIP district office.

Next, you'll pay modest premiums to

cover yourself and your family towards the time when health care is needed.

People on welfare, students, and others whose incomes fall below a certain level, are eligible for assistance in paying their OHIP premiums. No one is excluded for lack of money, but you must apply for such premium assistance.

Benefits include: physicians' services • standard ward hospital accommodation • X-rays • laboratory tests • drugs required in hospital • operating and delivery rooms • radiotherapy • chiropractic, osteopathic, and chiropracist services • eye examinations • occupational therapy • physiotherapy • speech therapy • nursing and medical care in nursing homes and homes for the aged • Home Care service • ambulance • certain dental surgery. Payments may cover costs entirely or only in part, depending on the nature of the claim.

But remember: Membership in the Ontario Health Insurance Plan is not automatic — you have to apply for it. And be sure to carry your identification card or OHIP number at all times.

If you would like more information, visit any OHIP district office. Or write to:
